501ST VADER'S FIST LEGION

Commissioned in the last days of the Old Republic, the 501st won the attention of Lord Vader when they served at his side during the now infamous raid on the Jedi Temple. Darth Vader in turn made the Legion his personal guard. Whenever Lord Vader's aims fall outside the realm of Imperial bureaucracy, he calls upon the 501st to do his bidding. The only cross disciplinary unit in the Empire is ready to be deployed to his side at a moment's notice.

Dispatched to the Terra System in 1997, the 501st Stormtrooper Legion has fought a relentless war to subdue the planet Earth in the name of the Galactic Empire. The results are telling: the Legion's ranks have grown to well nearly 4000 troopers stationed in 42 countries worldwide.
